✓ A PARAMOUNT-BURTON HOLMES TRAVEL-PICTURE ✓

The Paramount-Burton Holmes release for April 10th, entitled "Alexandria", is a very complete and satisfying exposition of the most interesting sights in the great modern city of Alexandria, the most important sea-port of Egypt. The superb modern harbor--the light-house that rises on the very ^{site} ~~sight~~ where once stood the classic and historic PHAROS or beacon tower erected in the third century B.C. and regarded as one of the seven wonders of the world---Panoramas of the vast city that now covers the site of the ancient city of Alexander the Great--close-ups of the huge 2 Sphinxes recently unearthed near the base of the world-famous POMPEY'S PILLAR and striking photo-studies of the colossal column itself--The vivid and various street life--and a genuine lot of local comedy showing a series of shots of noon-day nappers taking their siestas in the most amazingly conspicuous public places---
